Letter No. 01/ IQAC /2023-24

Date : 19 / 08 /2023

Internal Quality Assurance Cell (IQAC)

IQAC has been hypothesized as an internal mechanism of HEI to ensure quality learning and quality working. Creating quality, maintaining quality and enhancing quality in all spheres of HEI's working is the goal of IQAC. The IQAC is the central quality monitoring body of the HEI. At College level, it functions under the chairmanship of the Principal and comprises senior faculty members, representative of the local community and student representatives. Its aim is to develop and maintain a system and work culture to promote academic and administrative excellence.

- It defines the short term and long term objectives of the HEI.
- It creates benchmarks for quality enhancement measures.
- It devises a work plan to achieve objectives.
- It monitors and coordinates the execution.

The Philosophy behind the foundation of IQAC is that excellence and quality is not a one time phenomena, rather it is a continuous process. That is why IQAC conducts its meetings on a regular basis. New programs are chalked out, work plans are prepared, executed, monitored and previous plans are reviewed in these meetings.
